Housing Unit Will Provide For More Families and Men at W. T.

35 Houses From Hereford Prisoner of War Camp to Be Moved to the Campus

West Texas State College will receive 35 houses from the Prisoner of War Camp at Hereford. President J. A. Hill received notice Tuesday from Fort Worth that the project had been cleared, and a contract entered into for moving these housing units to the campus.

The houses will provide for about 100 families, and an equal number of single men who wish to enter college this fall.

Dr. Hill is highly pleased to be able to announce this additional housing. The houses will be moved to the campus as soon as possible and will be put into condition to receive students before the opening of the fall session. The houses will be reconditioned and put up in good livable quarters before the opening of college.

The only stipulation on the part of the college is to use the housing for veterans so long as there is a demand from GIs who wish to attend college. If there are not a sufficient number of veterans to use up all available space, the college may rent to other students. After the close of the veteran training program, the houses become the property of the college to do with as the administration sees fit.

Dr. Hill states that in order to take advantage of the public utilities which are on the campus, the houses will be placed on the most convenient spots on the campus. This means that these units will go on land along Highway 87, which was bought and cleared by removing houses in order to prepare for future buildings. The emergency is so great that this space will be used for the temporary housing.

Dr. Hill stated Tuesday that credit for securing these houses goes to the work of the Chamber of Commerce. President Bob Clark and Clarence Thompson worked with him.

West Texas State has been given two barracks from Dumas, but so far no way has been found to get these houses across the Canadian River. It is hoped that some means will be found this week so that all of the housing will be on the campus in time to receive students.

Dr. H. A. Brown Re-elected Head of State Group

DR. H. A. BROWN

Dr. H. A. Brown returned Thursday night from Dallas where a five-day clinic was conducted.

He was re-elected President of the Texas Naturopathic Association, Inc., for another term of two years. His services as head of this organization has been outstanding during his term of office.

Red Cross Bag Interests Vet to Locate Here

An interesting letter has come to the Chamber of Commerce from a member of the Marine Corps. The letter in part says:

"Several years ago when I landed in the Naval Base Hospital at Tulagi as a casualty during the Solomon Islands operations, I was handed a Red Cross bag bearing the label of Randall County, Canyon, Texas. The name has stuck in my mind.

"Now I am about to get out of the hospital and of the Marine Corps, I am looking for a place to make my home. I am married, have two girls in high school and two in elementary school. * * * I have always liked Texas for its true, American friendly hospitality."

The writer asked for all of the information available regarding Canyon, as his family would like to locate here.

Burrow Takes in Sanders and Lowes As Lumber Partners

A partnership has been formed in the lumber business of C. R. Burrow, Dan F. Sanders and Delbert Lowes. The name of the organization will continue as Burrow Lumber Co., with yards in Canyon, Happy and Dalhart.

Mr. Burrow is a pioneer lumberman of the Panhandle, and recently served as president of the Texas Lumberman's Association. Mr. Sanders has been with the firm for 27 years and Mr. Lowes for 20 years.

Two Showers Fall in Canyon Over Week-end

Canyon received two light rains Saturday night and Monday morning.

The moisture Saturday night amounted to .18 of an inch, and the total for Monday morning was only .12 of an inch.

The south half of the county is pretty well fixed up for moisture, and row crops are being planted. The north half of the county is generally not so well fixed for moisture. In places there is enough moisture for planting, but the greater part of the north section is still deficient in Moisture.

Dr. Homer P. Rainey Will Speak in Canyon Monday Evening

Dr. Homer P. Rainey, candidate for Governor of Texas, will speak in Canyon next Monday evening, July 15, at 5:30 o'clock. He is making a rapid swing through the Panhandle and will speak in many towns.

In a recent poll conducted from Austin, Dr. Rainey was credited with being the top candidate in the group of 14 who are running for the office. He will be the fifth candidate for Governor who has spoken here.

Help Keep Canyon Clean!

Absentee Voting Started Monday; 25 Ballots Sent

Twenty-five absentee ballots have been sent out from the office of County Clerk A. B. Holt for the first primary election to be held July 27. Absentee voting will continue until July 23.

Candidates are advised that they must file their second expense account between July 15 and 19.

A political rally will be held on the court house lawn on Saturday night, July 20, starting at 8 o'clock. All local and district candidates are invited to talk at this time. A loud speaker will be provided for the meeting.

Former Canyon Girl Killed In Amarillo Sunday

Miss Kitty Simms O'Keefe daughter of Mr. and Mrs. R. Earl o'Keefe of Amarillo, was killed in a car accident in Amarillo Sunday afternoon.

The O'Keefe family formerly lived here, and Miss O'Keefe was a student in Canyon grade school. At the time of the accident, Miss O'Keefe was a very prominent member of the Amarillo High School student body.

Miss O'Keefe is a niece of Mr. and Mrs. Cecil Simms of Canyon.

Hospital News

Sylvia Key, tonsillectomy.
Mrs. Nathan Welch, surgical.
Mrs. C. Johnson, medical.
Mrs. Julia Samuelson, medical.
Dennis Brandt, medical.
Mrs. H. R. Cocanougher, medical.
Mary Stout, medical.
Joe Dickerson, tonsillectomy.
Mrs. Stanley Keys, surgical.
O. O. Henry, medical.
W. B. Norris, first aid.
John Beckman, surgical.
Miss Jennie Bryan, Medical.
Dora Bell Ruthardt, surgical.

LEFT FOR MISSISSIPPI

Dr. and Mrs. Harris M. Cook and son, Joe, left Monday for Mississippi where they hope that the lower altitude will benefit Dr. Cook in his recovery. Dr. Cook has been seriously ill for several months.

Dr. Cook has a leave of absence from West Texas State for the coming year in order to recover from the stroke which he suffered.

Mr. and Mrs. Earl Bond were here Sunday from Stafford visiting C. H. Bond and other relatives.

Dr. Jarrett Is Head of Rotary

DR. ROBERT P. JARRETT

Dr. A. M. Meyer resigned as president of the Canyon Rotary Club Tuesday due to the fact that he will soon move to Amarillo to become President of Amarillo College.

An election was held Tuesday in order that the new president might attend the district conference to be held in Childress Monday. Dr. Robert P. Jarrett was elected president to succeed Dr. Meyer.

Committee of Museum Here

Will Submit Recommendation to Entire Board on the Completion of Museum.

The Executive Committee of the Panhandle-Plains Historical Society met at the Museum Wednesday afternoon. The meeting was for two purposes: First to make plans to repair leaks in the roof; second, to hear contractors who might be interested in completing the second unit of the museum.

At a recent meeting of the directors the executive committee was authorized to proceed with repairing such damages as there might be on the roof.

After the contractors make their report, the executive committee will submit by mail their findings to all directors. The directors will vote by mail as to their desire to finish the building at this time, or to wait for a future date to start construction.

The association has practically all materials on the ground for enclosing the second unit. The cost for immediate construction will largely be labor.

The decision of the directors will be announced as soon as the poll is complete.

Dr. Russell to Come to Education Department

Dr. James Russell has accepted a position in the Education Department of West Texas State and will move here in time for the opening of the fall session.

Dr. Russell has been director of teachers training in the extension system of higher education in Georgia for five years. He was superintendent of the Checotah, Okla., public schools- before going to Georgia. He holds the Ed. D. from Peabody.

Dr. Russell wrote Dr. J. A. Hill that he has always wanted to come back to the Southwest. He is married and has one son.

Rev. H. Thomson Attending Meeting

Rev. Hubert Thomson left Sunday night for Mt. Sequoyah, near Fayetteville, Ark., where he is attending a missionary conference of the Methodist Church. He is District Missionary Secretary of the Northwest Texas Conference of the Methodist Church, which position makes him a delegate to the conference.

Rev. Thomson will return to Canyon Friday of this week.

Candidates Make Last Appeal To Randall Voters

There will be only two more issues of The Canyon News before the primary election of July 27.

Many candidates will have messages in the coming two issues of The News regarding their candidacy.

All candidates should bring their messages to The News office by Monday, July 15, in order to get insertion in next week's paper.

J. W. McCrerey returned Saturday night from a three-week vacation spent in Kansas visiting oldtime friends and relatives.

Methodists Will Build Center

Chair of Bible Will Be Placed at West Texas State By Methodist Conference

The Northwest Texas Conference of the Methodist Church has bought the lot where the O. T. Carruth home stands, west of the campus, and will build a student center in the near future. A Bible Chair will be established in West Texas State along with the erection of the building.

The conference has allotted $26,000 for this work, which includes a full time Methodist worker.

Methodists are establishing such work in all of the state colleges of Texas, according to Rev. Hubert Thomson.

The location selected is south of the Health Center of the College, and across the street from the museum. The Student Union of the College and the new cafeteria, now under construction, is in the next block north.

Rev. Thomson states that he has not been advised as to when construction will start on the new building, or when a worker will be assigned to this charge.

Mr. Carruth will move his residence to another lot in order to make room for the new building.

Brune Succeeds Goins at the Veterans Center

William Brune resigned his position with West Texas State, working in the Veterans Administration, and accepted a position with the Veterans Administration at Lubbock.

Following a week's training there he was returned to Canyon as chief of the Veterans Administration Guidance Center, taking the post made vacant by the transfer of W. R. Goins to Oklahoma City.

When Mr. Brune came to Canyon last year from the Amarillo public schools to accept a position with the college, he bought a home in Canyon. He is hopeful that his appointment at the Guidance Center is permanent.

Happy Girl Has Distinction of Being First Wave

Jean Forsyth McArthur CSK, who spent her leave with her parents, Mr. and Mrs. G. W. Cook has returned to duty at the Navy Yard, Philadelphia, Pa.

Jean has served three years and eight months in the Navy and plans to take her discharge in July.

Jean was the first Panhandle girl to enlist in The Waves. Others have claimed that distinction but Jean enlisted with the first group of enlistees in Texas. Those serving the Waves prior to the group mentioned were selectees.

She was one of 12 selected from a group of 1000 girls to become the first Storekeepers of the Waves. She was assigned to duty at the Navy yard in Philadelphia, where she has been stationed for the past 3 years and 8 months.

In July, 1945, she married Kenneth C. McArthur of Newark, N. J. Mrs. McArthur will be at home in Newark, N. J. later in July.

Burglars Enter Myers Office Monday Night

Burglars in the Myers Farm Equipment Monday night were unable to get more than two dollars from the store. Entrance into the store was made by the burglars through the back east window.

They damaged the cash register considerably, trying to get it open. They took the change in the cash register. Hammers, saws, and other heavy tools were used to try to pry open a small white safe, but the prowlers were unable to make any headway there.

Mutt Myers was working in the front of the store until about 11 o'clock, and he had heard slight noises. He finally decided that there wasn't anyone in the back of the store, so he left to go home.

Sheriff M. E. Cantrell has picked up some fingerprints which may lead to the identity of the guilty people.

BROTHER DIED

Mrs. O. L. Coleman has received word of the death of her brother, G. E. Hoover, who was registrar of the Warrensburg Teachers College, Warrensburg, Mo. Mr. Hoover leaves his widow, one daughter and two granddaughters.

Mrs. Coleman was unable to attend the funeral.

Mr. and Mrs. A. R. Jarrett of Temple, Okla., spent several days in the home of his brother, Dr. and Mrs. R. P. Jarrett.

Sandy Oliver Appointed to West Point

Appointment of Sandy Oliver to enroll as cadet in West Point Military Academy was received from Senator Gene Worley. Mr. Oliver left Sunday, July 7, to enroll in the session beginning July 10.

Son of Mr. and Mrs. W. T. Oliver, Mr. Oliver is the first Canyon young man to achieve this honor since Alton Donnell.

Mr. Oliver graduated from Canyon High School in 1945 as salutatorian of his class. During his high school career, he was president of the junior class, secretary of the Student Council, member of Junior Who's Who, and winner of first place in the District and Regional Interscholastic League contest in extemporaneous speech.

For the past year, Mr. Oliver has been enrolled in West Texas State College, He is a member of Mary E. Hudspeth Honor Society, and Epsilon Beta fraternity.

Miss Hickman Resigns; New Nurse at W. T.

Miss Hellen Hickman has resigned as College Nurse to become effective at the end of the summer term. Miss Hickman has been in this position for several years. She will return to her former home at Nacogdoches where she and her sister will live. Both were former members of the Stephen F. Austin College faculty.

Miss Hickman stated yesterday that she regretted very much to leave her friends in Canyon, but the health of her sister demanded that she give up her work and return to her former home.

Dr. J. A. Hill states that Mrs. Nell Swingler of Jacksonville, Ill., will become College Nurse at the opening of the fall session. Her father is a member of the faculty of the Kirksville Teachers College, Kirksville, Mo. She holds a B. A. degree from Peabody and gratuated from the Nurse's School at the University of Iowa. She has a three year old daughter. Her husband was a paratrooper and was killed in the invasion at Normandy.

Citizens Wire Protest Against Revival of OPA

Several telegrams from Canyon have been sent to Washington the past week asking members of Congress not to support an OPA bill.

Various associations over the Southwest have been active in asking members to write members of Congress to allow OPA remain dead, in view of the veto of President Truman.

Just how many Randall county persons have taken an active part in this campaign is undisclosed.

Carload of Boys Arrested Monday Night by Police

Four boys from Amarillo were picked up here Monday night by highway patrolmen. They were in a convertible coupe.

The boys were charged with having a baseball bat and driving on the streets of Amarillo knocking the glass from autos. It is reported that they damaged more than 20 cars with the bat.

Police started to chase the boys south from Amarillo. As they were drawing near enough to shoot the casings of the fleeing car, the police car had a flat. They radioed for help and other officers came to their assistance.

The boys gave no resistance when arrested, but tried to talk themselves free from the officers, which did not work.

Carlton Thomson returned Monday from Homer, La., where he spent the week-end with his wife, who is a member of the group of students engaged in summer's work of the Methodist Church.

Big Question Mark Over Bikini

Portentously the 50,000-foot atomic cloud forms a question mark as it dissipates in the Marshall Islands wind a short time after the bomb burst over Bikini Atoll. This Radio-Telephoto picture was taken from the press photographers' plane which hovered near.

Discharged

Clyde Markham Hancock of Happy received his discharge from the United States Navy, after spending one and one-half years in service. He was discharged from Norman, Okla., July 3. His overseas service was in the Asiatic-Pacific area. His rating at the time of discharge was Water Tender, third class.

Billy Keith Irwin, apprentice seaman, V-12, USNR, was released from active duty June 24 in Boston, Mass. He was stationed at Tufts College, Medford, Mass. with the V-12 Unit. From Amarillo, he has been in service two and one-half years.

Lindsey Taylor from Canyon was discharged July 2 after spending one year, three months in the United States Navy. He was discharged at Shoemaker, Calif. Seaman, first class, V-6 was his rating at the time of his discharge. Mr. Taylor is the son of Mr. and Mrs. Wilford Taylor.

Glenn Dorris received his discharge from Fort George G. Meade, Maryland on June 28. He was in service one year, stationed at Camp Lee, Virginia at the time of his discharge. He was a clerk in the army.

Billy Horton Mickle from Claude served two years, three months in the United States Navy. He was discharged June 23 at Shoemaker, Calif. his rating before his discharge was Fireman, second class.

Joe L. Machen Killed Thursday in Plane Crash

Joe Louis Machen, son of Judge and Mrs. B. F. Machen, was killed in an airplane crash July 4, near Lake Taho, Calif. Pilot of the plane, W. B. Rice, nephew of Mrs. Joe Machen, was also killed.

The two men went up for a pleasure flight; and when they started to land, they overshot the field. They tried to take off again, but one wing hit a tree. The plane was demolished.

At the time of his death, Mr. Machen was operator of a fleet of trucks in connection with the Rice contracting firm. He was a veteran of World War I, serving for six years with the Navy. He was born in Ozona, Texas and moved to California in 1940. He is survived by his widow, Mrs. Macie Machen; one son, Jimmie, soon to be discharged from the Navy; Mr. and Mrs. B. F. Machen of Canyon; three sisters, Mrs. B. R. Gardner, Amarillo; Mrs. H. L. Prichard, Roy, N. M., and Mrs. J. V. Bostick of San Jose.

Funeral services were held in Maryville, Calif., Monday, July 8.

Mrs. Mary Cochrun Died Here Tuesday

Mrs. Mary A. Cochrun, mother of Mrs. Frank Wood, died in Canyon, July 9. Her home was in Mexia, Texas. At the time of her death, Mrs. Cochrun was 87 years old.

Survivors are: her husband, W. B. Cochrun; four sons, L. Dea, Victoria; E. L., Clint; W. J., Waco; and M. T., Alice; and five daughters, Mrs. Frank Wood, Canyon; Mrs. J. S. Henderson, Denton; Mrs. Vol Hancock, College Station; Mrs. John Wakefield, San Angelo; and Mrs. S. S. Hensley, Harlingen, Texas.

MEYERS IMPROVED

Peter J. Meyers, who is in a Dallas hospital, is reported to be improving. He underwent an operation ten days ago.

Mrs. Bertha Latimer from Amarillo visited her sister, Ethel Bond Sunday.

State Takes Over Palo Duro Land

Attorney General Approved the Contract of Texas State Parks Board on Palo Duro

The following dispatch from Austin indicates that a final agreement has been reached in Austin for the Texas State Parks Board to take complete charge of the Palo Duro State Park, and to assume the debt against the land.

The dispatch says:

Atty Gen. Grover Sellers Saturday approved a compromise agreement under which the state may retain beautiful and unique Palo Duro State Park near Canyon.

Under the agreement an indebtedness against the park, which had mounted to approximately $600,000, will be reduced to $300,000 and the interest rate from 6 to 3 per cent.

The Commerce Trust Company of Kansas City, which holds mortgages and a vendor's lien on the park, had planned foreclosure proceedings July 2, but withheld them until the attorney general could rule on the legality of the aggreement reached with the State Park Board.

The state board acquired the park in 1933. First morgage notes became due and went unpaid last November.

The only funds available to make payments on the property come from one half of the income from a charge for admission to the park.

In ruling on an opinion sought by Raymond Dillard, Mexia, chairman of the parks board, Sellers said the board has the legal right to accept a reduction in the principal and interest on the property and extension of the due date.

He designated the park board as the proper authority to make such an agreement and to be liable to pay such indebtedness out of rents, revenues and other income received from the park.

Palo Duro Park is one of the most unique and popular parks in Texas. In May 7,068 persons visited the park, the third largest number in any state park recreation ground. The park includes acreage on both sides of Palo Duro Canyon.

Fourth of July Is Very Quiet Day in Canyon

Canyon was very quiet on the Fourth of July. Peace officers state that there were no law infractions, and everyone was on their good behavior.

Only two car accidents were reported. One was a minor accident east of Canyon where two cars ran together, but little damage was done. A Pampa car on the highway west of Canyon overturned when it hit a wet spot on the pavement. The car was badly wrecked. A woman in the car was badly injured.

The celebration at Buffalo Stadium in the evening drew a crowd of about 500 persons.

Two softball games were staged; a number of stunts were put on; and the program concluded with fireworks. Officers of the American Legion were highly gratified at the success of the occasion.

WATCH TAKEN MONDAY

Judge A. H. Hunt states that he lost his watch Monday and is very anxious to recover the time piece. It has a Hampden works; gold case; fob with metal initial plate, with "H" on the plate. Judge Hunt says that it is an old watch, but gives him good service. He will give a reward for its return.

Help Keep Canyon Clean!

Editorials

LET OPA DIE

So far as The News is concerned, we are in favor of leaving OPA just as it is—thoroughly and completely dead.

The agency must be abolished some day. The President dealt it the death blow. So why try to resurrect OPA now?

We still think that American good sense and business judgment will eventually prevail, regardless of whether OPA is put back into effect or not.

Congress may act on the measure before this is printed, but at least we can express our opinion on the question.

The facts are that some prices should have been raised long ago by OPA. Since OPA refused to increase prices a serious black market confronts this nation. The black market may not be as bad here as in Europe, but it is bad enough. It is a disgrace to any nation to admit that conditions prevail which makes the black market possible. OPA brought about the black market.

Milk prices have gone up. They should have been raised months ago, based upon the increased price of feed. However, the government has been giving subsidies, which is just another form of taxation.

Of course a lot of folks think that they do not have to pay these subsidies. They still believe in Santa Claus, and believe in the theory of soaking the rich folks for the benefit of the common man. The big guys have plenty of means at their disposal for skillfully shifting their tax burden right on the fellows who think that they are escaping taxation.

One thing is sure and certain. You do not have to buy unless you are convinced that you are getting value received. Don't buy any goods which are too high. This will solve much of the present distress.

The one item which is giving serious concern is rent. With the prevailing housing shortage thruout the nation there is a tendency to raise rents. In some cases this is justified. In others it is highway robbery. When folks have to have a place to live they are in a different situation to those who can either buy or not buy products which are offered on the market.

This whole problem will have to be met and solved. Why not allow American good sense and the spirit of business competition to prevail, rather than continue another Washington bureau, with its twin brother, the black market?

Lee Satterwhite, former State Representative from this district, lives in Austin and is a candidate for the Legislature from that district. Satterwhite has already established a record in Texas by having served in the House from three different districts. He hopes to be elected from Austin. This would undoubtedly hang up a record for all time, should he be elected from a fourth district. While serving in his first session he assisted in passing the present poll tax law. He now proposes that the poll tax law be abolished in keeping with the direction of the Supreme Court. We doubt whether Texas will pay any attention to the Supreme Court until it is forced on the state by Congress. However, Georgia has taken the lead for Southern states by abolishing the poll tax. Since the school fund of Texas has a million dollars annual interest in this tax, the legislature will probably hold on to it as long as possible. But any way, good luck to Satterwhite, with the hope that he wins the seat in the House.

"Where is your bull fiddle?" was asked Beauford Jester when he visited Canyon. "The office of Governor is too serious a matter to be connected with bull fiddles. The candidate who cannot get the people's ear without the use of a jazz band is not taking his obligations seriously," was the candidate's response. To which we respond: Amen. Those candidates who are trying to fiddle their way into public office may be expected to fiddle at the expense of the people should they be elected.

There are 14 candidates for Governor of Texas. Only six or seven are making any kind of a campaign. The balance are well satisfied in the advertising they will receive throughout the state. After all, $100 to get your name printed on about two million ballots is cheap advertising—if you want that kind.

Newsweek comes out with the warning, "Sunset for New Deglers." Since that is a Republican publication you would naturally expect that all reforms proposed under the New Deal would be dead issues. The facts are that a large part of the New Deal program is of national importance and will always be a part of our law. You cannot overthrow reforms by making light of them. But the fact that the New Dealers went beyond reason and tried to make another little Russia out of America has caused the whole program to be criticized. While some of the New Dealers smell to high heaven, the fundamental principals of the so-called movement will last forever. Only those un-American ideas in the program will be discarded.

Talked to a man the other day who employed many people. His evaluation was that in spite of higher wages today that labor was producing only about 50% efficiency. We saw the statement from an automobile manufacturer the other day who said that of 400 cars which came off the assembly line that 300 of them had to go back for correction. Men should realize that some of these days the situation will be changed. No matter whether a man is working for himself or the largest corporation in the world, he will profit when he puts in an efficient day's work, rather than draw his pay for inefficiency.

We see that the so-called General Elliott Roosevelt is going to publish a book. He is going to tell the world how his distinguished father, FDR, would have handled present day problems. Naturally the book will take a slam at the Truman administration, which has not continued so far to the left as the Roosevelt boys would like to see. Whatever the book may say, it will be a lot of bunk. While he was alive, no one could tell what FDR was going to do next. What he would do today is likewise unpredictable. But it may help Elliott get some money from his publication—and money is the main objective of the Roosevelt boys.

The people of Texas are to be congratulated. There were fewer deaths and accidents on the Fourth of July than was anticipated. Officials believe that the many warnings which were given through the press and the radio for people to be careful had a good effect. The war may be over, but all of us are still driving the same old cars, and most of us have the same old casings. Either the cars or the casings may blow up without warning.

OUR SALVATION

Back of all the talk concerning inflation and price control, is the undeniable fact that heavily increased production is our main salvation.

Everyone knows that black markets are created by an inadaquate supply of desired goods in normal, legitimate outlets. This country's price control policies have contributed unnecessarily to that inadequacy. No one will produce an article if he can't sell it for enough to pay his costs. And no manufacturer, farmer, or retailer can "hold the price line" indefinitely in the face of increasing wage and operating expenses beyond his control. He must raise his prices or quit producing.

In the case of many agricultural products, the government has attempted to meet the issue through the old device of subsidies. A child can see the economic fallacy in that. A subsidy means that part of the cost of what you buy is paid out of your tax dollars. In the long run, the bill is greater.

Those who try to bring about businesslike administration of price control aren't the friends of inflation. They are the friends of production — inflation's enemy. This country has the greatest productive potential on earth. It has, in addition, a highly competitive distribution system which is a miracle of efficiency. Until these forces can operate freely, we shall continue to enrich the black market, and prevent legitimate producers and distributors in all fields from performing the vast services of which they are capable thereby assuring goods at the least inflated prices.

We see where the honorable Dr. Rainey passed through the strong Texas Regular and Republican sectors of the state without making a speech. He stopped only to shake hands with the faithful who follow him blindly. He has preached the doctrine of hate so long that it was just as well that he saved his breath. According to the eminent deposed president of the University of Texas, the Texas Regulars are just about to lead Texas to the eternal bow-wows. Pretty strong claims for a minority—don't you think?

This summer may be vacation time for some folks, but all we can see is just some more work for us. What a fine thing it would be to have a job which took only 40 hours per week instead of seven days per week—like this newspaper business—which some folks consider "an easy racket."

We shall have discussions for many years as to the effects of the atomic bomb test. Regardless of what the experts say, we don't want one of those things dropped on Canyon.

Congratulations to the merchants of Canyon. They are doing their best to hold prices in line, without OPA regulations. Most of the violent raises in retail prices come from certain classes of business firms in the big cities. It always pays to do business at home, with people you know, who respect your friendship and want to have you as their friends and customers after the present turmoil is over. If you want to get taken to a country cleaning, patronize some of the city slickers who do not know you or give a continental damn about your future welfare.

UNBALANCED ECONOMY

It has been estimated that cooperative enterprises exempt from Federal income taxes did a $12,000,000,000 business in 1945. Tax-exmpt business is expanding rapidly and making a more formidable gash in the nation's tax revenue needed to run government.

The question is, How can a national economy work with a larger percentage of its productive machinery tax exempt, which requires that remaining business be overly taxed? This is an unhealthy condition and an injustice to those who pay the taxes.

With the government seeking new sources of revenue, private business would do well to make an issue of the growing list of tax exempt "free riders."

It shouldn't be necessary to do so, but again we urge that all qualified voters of Randall county go to the polls on July 27. It is very important that a large vote be cast in this primary election. The voters are going to name their local and state officials for the coming two years. The voice of all the voters should be heard, rather than the voice of only a minority.

When the war started, we were told by Washington that there would be no war profiteering. It is now being disclosed that there have been plenty of national scandals. As the war criminals are tried abroad, all war profiteers over here should be included in the list. They are the fellows who bled the nation to death, and caused such an unnecessary public debt.

Another agency died on July 1st. It was the Fair Practice Act. There was little said about this agency's death outside official circles. This means the death of another social reform as advocated by the foreign elements within the nation.

The fight of Senator O'Daniel against OPA may not make him the most popular man in Texas, but it certainly proves that he is not afraid to fight in an uphill battle against the odds of the White House nod.

ON THEIR WAY TO YOU

We Wish We Could Say---

here they are—come and get them.

Unfortunately reconversion is slower than all of us ever anticipated. But all of these household necessities will be here some of these days.

Inspect our stock every day and see all of the "hard to get" items which are appearing. You will be surprised.

And remember — we are closely adhering to the spirit of OPA. No prices are raised above former regulations.

While we are waiting for the stock of items which you need, and we want to provide you with – our store is being remodeled and completely overhauled in order to give you better service.

Jowell Items

Mr. and Mrs. George Abbott of Littlefield have been visiting in the home of their daughter, Mrs. Walter Graham for the last two weeks.

Clyde Fewell spent the 4th in the Earl Davis home visiting with his cousin, Ervin Davis.

Thelma Bonds spent the week-end in the home of her parents, Mr. and Mrs. Floyd Bonds.

Mrs. Roy Leavitt went to Dalhart over the 4th.

C. W. Fewell returned to his work at Idalou last week. He has been helping Earl Davis in harvest.

Mr. and Mrs. Earl Davis and family were the guests of the Wade Baileys in Amarillo Sunday.

Paul Irlbeck and son of Tulia paid a brief visit in the O. M. Scott home Sunday.

Mrs. E. D. Powell is expecting her son and his wife from Wichita, Kansas this week.

Mrs. Roy Leavitt visited briefly with Ruby Lee and Peggy Bonds last Thursday.

O. M. Scott and Billy called in the Walter Graham home Sunday evening.

Wayne Griffin of Canyon has been helping W. F. Bonds in harvest.

The harvesting is almost completed and much of the plowing. Many are planting row-crop, as we have received a fair amount of moisture.

Wayside Items

Rev. E. H. Martin filled his regular appointment Sunday morning and evening. His wife accompanied him, and they were dinner guests in the LeRoy Roberts home.

Margaret Sluder who has been in the Neblett hospital at Canyon was able to be brought home last Friday. She is able to be up most of the time.

Mrs. D. L. Adams and Charlotte, and Mrs. Willie Modisette were Happy callers Friday.

Mrs. Bessie Lane visited relatives in Canyon one day last week.

The Cunningham family from Happy and Johnny Hagains from Dallas and John Loper from Amarillo Army Air Field visited Thursday in the Mrs. E. A. Franklin home.

Mr. and Mrs. W. R. Franklin were Happy callers last Thursday evening.

The Ewing McGehee family attended church at Wayside Sunday.

The George Hancock family from Pampa visited over the week-end in the parental W. I. Lane home.

Mr. and Mrs. Jim Sluder were Tulia callers Saturday.

During one of the hectic days at the Pentagon an irate colonel flashed the telephone operator several times. Receiving no response, he shouted into the phone: "Are there and blithering idiots on the line?"

A meek little voice replied: "Not on this end, sir."

The postal clerk weighed Susie's letter and said, "It's too heavy; you'll have to put another stamp on it."

"What!" demurred Susie, "and make it even heavier?"

"What would happen if we struck a big iceburg?" asked the nervous passenger.

"The iceberg would pass along as if nothing happened," answered the captain.

The passenger sighed with relief.

Young Junior was gazing at the bundle left by the stork.

"Did he come from heaven?" he asked, pitching his voice above the shrill yells of the baby.

"Yes, dear," his mother replied.

"Huh! no wonder they put him out," said Junior.

Some fellows seem to have an uncorking good time at beer parties.

Fairview Breezes

The Rev. Stewart delivered two excellent sermons Sunday morning and evening.

Mrs. J. W. Wesley and Arlen Ray went to Littlefield Friday afternoon to visit with the Whitsons and E. E. Wesley families. Mrs. Wesley returned home Tuesday, and Arlen returned Friday.

Arlen Ray Wesley and Troy Wayne Sharpes spent Saturday night with Charles Wilson.

Mr. and Mrs. C. P. Sutton and sons visited Sunday in the Charles Sutton home.

Mr. and Mrs. A. E. Wise entertained the people of this community with a party Saturday evening. The adults played "42" while the youngsters enjoyed various outdoor games.

We were glad to welcome Mr. and Mrs. Dellas Zachry and daughter back to the party Saturday evening. They have been harvesting the past two weeks and expect to return to their home at Roy, N. M. this week.

Mr. and Mrs. Hollis Shipman entertained the young folks of this community with a luncheon. Afterwards, they all motored to the airport near Canyon where some of the youngsters enjoyed airplane rides.

Fayerene Schaeffer visited her parents over the week-end.

We have just learned of the death of Mrs. Fitzgerald who was once a neighbor in our community. She died in Kansas, and was the mother of Edna Fitzgerald.

At a West Coast port not long ago a navy doctor intercepted a sailor who was carrying aboard a rather large pet, a baby skunk.

"You can't take that below decks," the doctor ruled. "Just think of the odor down there."

"Oh, that's all right," the sailor assured him. "He'll get used to it the same as I did."

"What are you planning to do tonight?" Hubby wanted to know.

"Nothing special," Wifey replied; "I'll probably write a letter or two, listen to the radio and so on."

"Well when you get to the so on, don't forget my shirt button."

"Harold, can you name all four seasons?" asked the teacher.

"I only know three, Miss Cramp," he answered.

"Well then, name the three, Harold."

"Pepper, salt and vinegar."

"My husband plays tennis, handball, swims and goes in for physical exercise. Does your husband take any regular exercise?"

"Well, last week he was out seven nights running."

Newsmen Argue A-Bomb Results While They Wait

By WALTER A. SHEAD
WNU Correspondent.

(EDITOR'S NOTE: This dispatch was filed from the atomic bomb testing area only shortly before the first test bomb was scheduled to be dropped.)

ABOARD USS APPALACHIAN—BIKINI ATOLL (Via Navy Radio)—This reporter does not intend to delve into the scientific aspects of this atomic bomb test, leaving that to the scientific writers and the scientists themselves. This test is primarily a military experiment to determine how the United States navy and other armed services can figuratively "keep its powder dry" in the face of any future atomic warfare.

The experiments however by their very nature and the various tests which are to be made of atomic energy will produce by-products of knowledge in the fields of biochemistry, biology and medicine.

Further knowledge will be gained also in the fields of radio, photography, geology, fish life and all the sciences which apply to ocean life.

Many Conjectures.

A tour of this ship and a visit to the staterooms where the newspaper men are housed conjectures on the outcome of this bomb test measured only by the number of newspaper men aboard. This is almost true of the scientific writers themselves, for most all have different viewpoints on the possible developments.

These conjectures run the gamut of total destruction by tidal wave or earthquake of the entire task force in the vicinity of the bomb down to the theory that the bomb might even prove a dud forecasts of the destruction of the atomic bombs dropped on Hiroshima and Nagasaki made by the scientists connected with Uncle Sam's military establishments were fairly accurate and this reporter is willing to discard the more fantastic conjectures and string along with some of these more conservative forecasts.

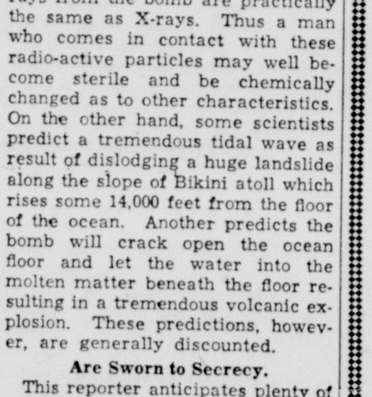
Earthquake or Tidal Wave?

In the first place Bikini lagoon, where the bomb will be dropped, is roughly 25 miles long and 10 miles wide and the water averages 100 feet in depth and one scientist likened the dropping of the bomb into such an expanse of water and air to a spark from a welder's torch dropped into a 30-acre lake. Scientists admit that the bomb may cause a slight earthquake and tidal wave but that in comparison with nature's earthquakes it will have no destructive violence and will only be recorded upon seismographic instruments. The release of atomic energy at the given point of the bomb burst will in the opinion of these scientists release heat and energy at that spot of a nature never before experienced upon the surface of the earth but its effects will be confined to a relatively very small area. One scientist declared that the radio activity released from the bomb, if absorbed by living tissues, would result in chemical changes in the proteins of the tissues, in some cases of sufficient intensity to kill the tissues and in other cases likely to produce a new kind of living tissue or a new variety of organ. It is a well-known fact that X-rays have created this phenomenon in living tissues and the radio-active rays from the bomb are practically the same as X-rays. Thus a man who comes in contact with these radio-active particles may well become sterile and be chemically changed as to other characteristics. On the other hand, some scientists predict a tremendous tidal wave as result of dislodging a huge landslide along the slope of Bikini atoll which rises some 14,000 feet from the floor of the ocean. Another predicts the bomb will crack open the ocean floor and let the water into the molten matter beneath the floor resulting in a tremendous volcanic explosion. These predictions, however, are generally discounted.

Are Sworn to Secrecy.

This reporter anticipates plenty of action and plenty to write about when this bomb is dropped by the B-29 over the target array of naval ships. The most dramatic will be the second test when a bomb is detonated below the surface of the water in the midst of what is left of the target ships. The handicap under which the lay members of the press work is, however, that we will not know nor will we be told whether or not these bombs exploded at full efficiency or whether or not in fact they were duds.

Grant's picture appears on all $50 bills.



LONELY REEF . . . Far out in the Pacific. Bikini atoll holds the 97 ships of the "suicide fleet."

Personal Hygiene Necessary To Fight Increase Polio

In addition to the general instructions for community sanitation which are important in preventing poliomyelitis, Dr. Geo. W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incident of Poliomyelitis having reached a total of 292 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures such as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches, which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold." Dr. Cox said, "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

After the concert was over, one of the hoity-toity ladies in the audience turned and asked a rather coarse-looking gentleman sitting beside her, "Well, sir, what did you think of Stravinsky's playing?"

'As you know," he replied, "Beethoven and Strauss composed. However Stravinsky just decomposed."

Some girls are so skinny that all they'd have to do is close one eye and they'd pass for a needle.

Industry needs a lot of electric power and we're ready to supply it. We started long before the war ended. Our expansion program which includes additions to six power plants, an entirely new plant in one location, and miles of new transmission lines, makes it possible for industry to settle in practically any section of the territory we serve. We can offer ample electric power for any industry, large or small.

The effort we are making to help develop the territory we serve proves our faith in the future of the people we serve.

No. 27 of a series of advertisements designed to help build this fast growing territory in which we serve.

Betty Brown Is Married Friday

In Clovis, N. M. Miss Betty Brown, daughter of Mr. and Mrs. M. B. Brown of Canyon, and Mr. Hank Decker of Richmond, Indiana were married Friday, July 5.

The bride graduated from Canyon High School in 1944 and is now a sophomore in West Texas State. She is a member of Pi Omega sorority.

Mr. Decker is a junior in West Texas State, where he is very prominent in the athletic department.

The couple plans to continue in school.

COUNTY H. D. COUNCIL HAS REGULAR MEETING JULY 6

The Randall County Home Demonstration Council met in regular session on Saturday, July 6 at two-thirty in the Council rooms with Mrs. S. G. Elliott presiding. Representatives from nine clubs answered roll call and gave club reports.

Mrs. Lonnie Byars gave the marketing reports and said that the truck of apricots would be in Canyon on or near July 15. The fruit will be handled in the same manner as the pineapples were, and any person or group wishing to buy cooperatively should see Mrs. Byars or Mrs. Fred Marshall before July 15. The fruit will compare with that of last year and the price is $3 per 25 pound lug. Miss Lou Ella Patterson read a letter from Miss Presentacion Atienza, former Home Demonstration Agent in this country, but now with the Department of Agriculture in Manilla. Miss Atienza thanked the club women of Texas for the many packages of clothing sent to the Philippine relief area.

Miss Patterson also announced that beginning at 10 o'clock on July 25, there would be a one-day school in the West Texas High School Auditorium on Housing. Some interesting speakers have promised to be present.

Mrs. Wise, Education chairman, asked that each club president hand in at the September Council meeting a compiled list of books read in the clubs.

After Council adjourned, Mrs. G. R. Ross conducted the meeting in which three delegates were elected to attend the Texas Home Demonstration Association meeting in Amarillo, August 14, 15, and 16. Mrs. Elliott, Mrs. Burrus, and Mrs. D. C. McCormick were elected, with Mrs. Simon, Mrs. Sid Carter, and Mrs. J. T. Meyer as alternates.

Those attending the Council meeting were Mesdames Elliott, Ross, Carter, Byars, Wise, J. V. Williams, Schaeffer, D. Marshall, Burrus, Pitts, Webb, Baker, Henry, Angel, Haynes, Simon, J. T. Meyer, Cretsinger, D. C. McCormick, Fred Marshall and Miss Patterson.

The next Council meeting will be September 7 at 2:30 o'clock.

FAIRVIEW 4-H GIRLS MAKE POT HOLDERS AND APRONS

The Fairview 4-H Girls met with Annabel Schaeffer on Friday, June 28.

The girls made pot holders to match drawstring aprons.

The Club was glad to have Etta Jean Sharpes back.

Mildred Bryan was chosen as assistant reporter.

Those present were: Annabel Schaeffer, Etta Jean Sharpes, Billy Mickey, and Naoma Bryan, and sponsors Miss Vesta Amason and Miss Evelyn Schaeffer.

The Fairview 4-H Club will meet with Mary Edna Wise, Friday, July 5. Miss Lou Ella Patterson will meet with the girls.

PRISCILLA CLUB MET WITH MRS. KNOTT WEDNESDAY

In the home of Mrs. A. K. Knott, the Priscilla Club held its regular meeting Wednesday, July 3. Spring cut flowers furnished appropriate house decorations.

A salad course with iced tea was served to Mesdames Frank Hicks, L. C. Ponder, Ray McReynolds, C. M. Presley, Irvin Sorrell, Hud Prichard, Clyde McElroy, Virgil Henson, J. L. Duflot, E. D. Walker, Alfred Bellah, C. M. Dowlen, and J. Madison Daugherty.

HIGHLAND H. D. CLUB HEARS FOOD LOCKER DISCUSSION

The Highland Club met in the home of Mrs. A. N. Green. Roll call was answered by an interesting news item about food.

A demonstration on how to prepare food for the frozen food lockers and different ways of packing the food to be stored was given by Randall County Agent, Miss Lou Ella Patterson.

Refreshments of sandwiches, cake, and punch were served to Mesdames L. J. Fulton, L. E. Mason, Quince Williams, Clyde Jones, S. E. Brightwell, Frances Mitchell, and Misses Lou Ella Patterson, Mary Lee McDade, Joann Fulton, and Mary Green, and the hostess.

The next meeting will be in the home of Mrs. Ross Grantham, July 16. Each club member is urged to be there in order to plan the picnic for the August meeting.

H. D. AND 4-H CLUBS HAVE JOINT MEETING

The Centerview H. D. Club and the Fairview 4-H Club met in a joint meeting July 5, in the home of Mrs. A. E. Wise.

Miss Lou Ella Patterson, home demonstration agent, gave a demonstration on freezing and new frozen food lockers.

Those present were Mesdames J. W. Wesley, E. W. Schaeffer, Lester Bryan, and M. H. Rockwell, and Misses Annabelle Schaeffer, Etta Jean Sharpes, Naoma, Billy, and Mildred Bryan and Mary Edna Wise.

Help Keep Canyon Clean!

Memphis Pastor To Speak on Baptist Hour Next Sudnay

Dr. R. Paul Caudill of Memphis, Tennessee will be the Baptist Hour speaker Sunday morning, July 14, and his subject will be "Christian Strategy for World Conquest."

Dr. Caudill will leave shortly for an extensive tour of Foreign Mission Fields and his abiding interest in world missions and his careful study of mission method qualify him for discussion of this subject.

The Baptist Hour is heard over an independent network sponsored by the Southern Religious Radio Conference in which Methodists and Presbyterians participate at other seasons and may be heard over KGNC at 7:30 a. m. each Sunday.

FIRST CHRISTIAN CHURCH

The Layman's League of the First Christian Church will meet Wednesday evening, July 17, at 7:30 at the Christian Church. Guest speaker at the meeting will be Rev. Roy W. Ford, minister of the Christian Church in Hereford. During the War Mr. Ford served as a chaplain in the Army Air Forces.

On Sunday, July 14, the morning sermon at the First Christian Church will be a discussion of the subject "Mature Religion." The text will be drawn from Paul's letter to the Galatians. This letter is the reading assignment for the membership of the church during July. The evening service is being devoted to study of the prayer Jesus taught His disciples as recorded in Matthew, Chapter 6.

HERE FROM CALIFORNIA

Mr. and Mrs. R. E. Harter and John James of Lafayette, Calif., left Monday after a short visit with friends and relatives here.

The Harter family were residents of Canyon for a number of years. About three years ago, they moved to California.

Mrs. Harter, a former primary education teacher in Canyon Grade School, is now employed as a clerk in the Lafayette post office. Mr. Harter is a rural mail carrier.

John James, recently discharged from the Air Corps, is now a student in the University of Southern California at Los Angeles.

Groping down stairs in his bare feet, the householder surprised an intruder packing the family silver into a bag.

"By Jove, a real burglar! I say, wait a minute, will you?"

"And you'll call a cop!" snarled the burglar.

"Oh, no, only while I call my wife. She's heard you every night for 20 years, and I'm sure it will be a real pleasure for her to meet you at last."

Any man who sneers certainly spoils his good looks—especially if he sneers at a larger man.

NOTICE

THE DR. H. A. BROWN CLINIC

is to be closed from

JULY 13th TO AUGUST 1st

Enabling the office force to have their well-earned annual vacations.

NEW

Keeps for weeks on your pantry shelf ...You can bake at a moment's notice

Those you can get with an *OIL-PLATED* engine

CONOCO Nth MOTOR OIL
OIL-PLATES YOUR ENGINE

Breathes there an American who isn't checking on cars? Chief question is, "What's different for '46?" An OIL-PLATED engine brings you this swell difference: it will escape lots of carbon and sludge by escaping lots of wear. That special type of wear-defense—internal OIL-PLATING—will likewise favor your oil and gasoline mileage.

You can have an OIL-PLATED engine in any car—in the newest or oldest—just simply by making sure to use Conoco Nth motor oil; that's all.

The difference in Conoco Nth oil—patented—is its added ingredient that OIL-PLATES. This is done in a magnet-like manner—by making metals attract and hold lubricant. And that's what puts inner engine surfaces under cover of OIL-PLATING. It stands in wear's way; acts to prolong that new car feeling. . . . *And it will act to prolong any older car's usefulness.* So if that's your particular problem, change now to Conoco Nth oil—at Your Mileage Merchant's Conoco station. Miss McCaslin Is Honored at Tea Wednesday

Honoring Miss Beth McCaslin, July 16 bride-elect of Mr. James A. Burran, Jr. of Clovis, N. M., Mrs. T. B. McCarter, Mrs. J. A. Hill, Mrs. Milton Morris, and Mrs. Lee Foster were hostesses to a tea-shower.

In the home of Mrs. McCarter, the shower was from four to six Wednesday afternoon. The hostesses presented Miss McCaslin with a beautiful corsage.

Guests were received by Mrs. McCarter. In the receiving line were Miss McCaslin, Mrs. Nancy McCaslin, mother of the bride-to-be, and Mrs. J. A. Burran from Clovis, N. M., mother of the groom-to-be.

Blue and gold, the bride's chosen colors, were carried out in all the decorations for the afternoon. As centerpiece on the lace-covered table, a blue crystal bowl of blue daisies on a mirror was placed between blue candelabra bearing tall blue candles. A miniature bride and groom was also on the table.

For the first hour, Mrs. A. M. Meyer was at the head of the table of service. Mrs. Lois Gilliland, from Hereford and sister of Miss McCaslin, served the second hour. Mrs. J. D. Barker assisted in the dining room.

Ribbon sandwiches of blue and gold, individual iced cakes also in the chosen colors, blue mints, salted nuts, and fruit punch were served to the guests during the afternoon.

Miss Ava Jo Moreman played piano selections during the afternoon.

Many beautiful gifts were presented to Miss McCaslin, and about fifty friends called during the afternoon.

Out-of-town guests for the shower besides Mrs. Burran and Mrs. Gilliland were: Mrs. T. E. Jordan and Mrs. Robert Merrill from Clovis, N. M., and Mrs. Agnes Smith from Amarillo.

Mrs. W. L. Rice, Mary Sue, and Bobbie, have returned after a three-weeks' visit in Tulsa, Oklahoma and surrounding towns. Mrs. Rice visited with her parents, Mr. and Mrs. H. H. Montgomery in Tulsa, and her sister-in-law, Mrs. J. W. Northcutt in Marietta, Okla.

Miss Georgia Reeves left July 3, after spending a week-end with her parents, Mr. and Mrs. G. H. Reeves. Miss Reeves is employed by the Civil Aeronautics Depot in Grants, N. M.

In the J. J. Walker home over the holidays were her brother, Frank Lock from California, and her sister, Mrs. Jessie Sewell from Dalhart.

EDGETOWN CLUB STUDIES CLEANING AND PRESSING

"Cleaning Materials and Home Pressing" was the program theme of the Friday afternoon meeting of the Edgetown Home Demonstration Club in the country home of Mrs. Doug Marshall 12 miles east of the city.

Mrs. Fred Marshall, club president, conducted the business session and fourteen club members answered roll call.

Opening exercises were omitted and that time was spent hearing Mrs. T. M. Thurmon and Mrs. S. R. Hood tell of the recent vacations they had just returned from.

Reports were heard from the business committees and Mrs. Wester, exhibit chairman, asked that each club member start work on some article of clothing, upholstering, or things made from sacks. These articles are to be shown in connection with achievement events, and at the country store, at which each club member in the county contributes one or more articles for sale.

In the absence of Mrs. W. L. Rice, Mrs. Doug Marshall had charge of the program with a round-table discussion on the care of woolens, rayons and cottons, with Mrs. Hood, Mrs. Walters, and Mrs. Sharp taking leading parts.

Those attending the meeting were Mesdames Fain, Sorgee, Hood, Dowd, Stratton, Thurmon, Sharp, Wester, Anthony, Walters, Penick, Wright, Fred Marshall, Mable Solomon and one visitor, Mrs. J. C. McClendon.

The next meeting is July 12 with Mrs. Fred Marshall, 1407 6th Avenue.

HUNLEY CIRCLE HONORS MISSIONARY NAMESAKE

The Lily Hunley Circle of the Baptist Church honored its namesake with a supper meeting held in the home of Mrs. Ruth Gidden Tuesday, July 9.

Miss Lily Hunley, guest of honor, soon will leave for China to continue her work in the mission field. The Circle members presented her with a miniature bronze horse.

Those present were Mesdames A. K. Goodman, Carl Hair, Tom Brasher, John Davis, Faye Cannedy, H. R. Stewart, and Misses Eula Potter, Mary Lee Cooper, Wilma Hixson, Berl Hixson, Elva Fronabarger, Marie Fronabarger, Lily Hunley, and the hostess Mrs. Ruth Gidden.

ZITA 4-H CLUB MEETS WITH NELDA RUTHARDT

The Zita 4-H Club met July 5, in the home of Miss Nelda Ruthardt. Visitors were Mrs. Ralph Ruthardt and Mrs. H. B. Hales.

After club adjourned, refreshments were served to Misses Anita, Noradel Ruthardt, Jane, Martha, Ruby Hales, Miss Lou Ella Patterson and the visitors Mrs. Ruthardt, Mrs. Hales and the hostess Nelda Ruthardt.

The next meeting will be held July 19 at Ruby Hales' home.

Mrs. W. L. Lockhart recently joined her husband, Capt. Lockhart, in Topeka, Kansas after a visit in the parental T. V. Slack home and a visit in the home of her husband's parents in Big Spring. Capt. Lockhart has been based at Nashville and Memphis, Tenn. for the past two and one-half years.

Miss Florence Marie Coffee has visited two weeks in Omaha, Neb., with Miss Sue Lane Neff, formerly from Canyon. Miss Coffee came home by air.

Mrs. Tom Carnes and children who have been visiting with her mother, Mrs. Hattie Brasuel, for a month, returned home Monday to Elindio, Texas.

Pfc. Charles W. Reeves spent the holidays with his parents, Mr. and Mrs. G. H. Reeves. He reported back to his station at Great Lakes, Michigan, where he is in the Marine Corps.

Miss Walker Talked on Food Situation at Rotary Luncheon

Miss Darthula Walker, head of the Department of Geography of West Texas State, talked at the Rotary Club luncheon Tuesday on the food situation confronting the world. The club is studying all phases of international problems during the year.

J. D. Barker was in charge of the program.

President A. M. Meyer resigned as head of the club since he is moving soon to the presidency of Amarillo College. Dr. Robert P. Jarrett was elected to succeed him.

Miss Walker stated that according to the best estimates there were 2, 170,000,000 people in the world today. There are about 52 pounds of food for each person. If this division is reached the people of America must reduce their consumption two-thirds; Europe by one-half. The people of Asia would receive about three times their present consumption.

Drouth prevailed throughout the world in 1945. The grain crop was badly cut in every nation of the globe. For this reason the commitments on wheat to Europe are short. In order to reach these commitments, we must reduce our consumption by 25%. Failure to meet these commitments is having a very bad effect upon our relations abroad.

Before the war big packers of Chicago used to get about 65% of all meat animals which were received on that market. Because of the black market operations they have been getting only 11%.

Drouth conditions prevail in sugar producing nations, which has cut the supply.

Consumption of all foods has increased in the United States in all items except butter, rice and sugar.

The people of war torn Europe and Asia are not getting a sufficient amount of food for normal existence. No reports are available from Russia.

It was reported that both Dean R. P. Jarrett and D. A. Shirley were improved this week.

Visitors were: Arch Hunsley, N. S. Griggs, J. Francis Brown, all of Amarillo; Henry Robinson of Panhandle.

Guests in the A. D. Prater home over the week-end were Mr. and Mrs. Louis Reed and John Reed from Wichita Falls, Mrs. Grady Wilson and daughter Alice from Slaton, and Mrs. Will Reeder from Dallas.

Mrs. Jess Caldwell and children from Denton are in the Otto Samuelson home, where they have been called by the serious illness of their mother, Mrs. Julia Samuelson. Mrs. Samuelson is in Neblett Hospital.

Wyatt Hester, former student of W. T., and now in the printing business in Lubbock, visited with his cousin, Silas Hart Thursday. Mr. Hester and his sister, Miss Grace Bates, were returning from a vacation trip to Oklahoma.

Tommie Thompson left Monday for San Diego to return to his duties in the navy. He was home for a short furlough after finishing boot camp.

SPECIAL MATINEE EVERY-DAY: Monday through Friday, 3 p. m. Saturday and Sunday, 1:30 p. m. Olympic Theatre. 19t2

Mr. and Mrs. James A. Butler, Harold and Carol, Mrs. Mamie Butler and Dorothy, returned early Saturday morning from a week's visit in Colorado and New Mexico. Mr. and Mrs. Butler live in Pantex, where he is employed by Bell Telephone Company.

Mrs. C. W. Fewell and children spent the holidays in Idalou.

Pictures Will Be Shown Interest to Children

This week the film division of the college is offering a special program of moving pictures of interest to teachers of children of all ages and to parents and to young people of high school and college age.

The pictures are "You And Your Friends" which shows a teenage party. The audience is asked to listen to the dialogue and watch the action in order to evaluate different types of behavior. Friendly cooperation is contrasted in the picture with self-centered bad manners. This film lends itself to discussion by the audience.

"Dinner Party," another picture two and one-half reels in length and in color, shows good type of etiquette and suggests how good manners contribute to the fun of social activities.

A third picture, "You and Your Family," has been made to help audiences, both youth and adult, discuss how young people and their parents should feel and act toward one another in the everyday business of living together.

"You and Your Child," a film dealing with the relation of parents and young children, will be the fourth picture and "Junior Prom," a companion picture to "Dinner Party" deals with dating and proper social conduct by high school age youth.

High school boys and girls of Canyon, church workers and Sunday school teachers, public school teachers, and college students are invited to see these pictures. They were brought to the campus for the use of education classes which are being taught by Miss Novella Goodman.

Because these are pictures so valuable to young people and old people working with young people it has been decided to show them at 4 o'clock for the benefit of town people who could not come at another hour. They will be shown at 7:30 p. m. as a part of the regular Thursday film program and visitors will be welcomed at the classes in which they are shown. The hours for these will be posted on the bulletin boards.

They will be shown in Room One of the Education Building.

July 4 visitors in the W. U. Adams home were: Mr. and Mrs. David Riley of Amarillo; Mr. and Mrs. Howard Holcomb and children from Amarillo; Mr. and Mrs. Carl Hoff from Amarillo Army Air Field; Mrs. E. L. Riley and Josephine from Wellington; Mr. and Mrs. Floyd Cole and children from Wellington; and Earl Lowry from Hereford.

SPECIAL MATINEE EVERY-DAY: Monday through Friday, 3 p. m. Saturday and Sunday, 1:30 p. m. Olympic Theatre. 19t2

Jack Mayes, recently returned from Germany, is visiting his sister and family, Mr. and Mrs. H. T. Wilcher.

Mrs. Letha Hartsell visited two weeks in Cortez, Colorado.

MARRIAGE LICENSES

William Alton Canafax to Harvey Ray Hamblen, July 6.

Ervan Keeton to Martha Ragsdale, July 8.

William H. Billingsley to Marie Frances Smith, July 2.

Gordon W. Fullerton to Mary E. Canada, July 5.

J. B. Curry to Mrs. Gertie Collier, July 6.

Mr. and Mrs. J. M. Vetesk of Colorado Springs, Colo., visited with friends and relatives in Canyon last week. Mr. Vetesk was formerly in business in Canyon for many years. They have lived in Colorado Springs for some time.

Mrs. W. H. McAtee, Mrs. Jean Tippery and Sallie Kay left last Monday night for Denver, Colo., where they were called by the death of Mrs. McAtee's brother's wife, Mrs. N. E. Bingham. Mrs. McAtee's sister and husband, L. E. Thomas, also went, and returned Saturday.

Mr. and Mrs. J. L. Hunt and son, Glen, from Idalou visited in the home of his uncle and family, Mr. and Mrs. John Guthrie. Mr. Hunt is superintendent of Idalou schools.

Bob Ziegler, Mrs. Ray Small and daughter, and Miss Geraldine Small left Tuesday for a business trip to California.

James Hinds is spending the summer in the home of his parents, Mr. and Mrs. J. T. Sykes. He has come from Manila.

J. Ray Hunter has been promoted from Seaman, First Class to Coxswain, according to his station in San Pedro, Calif. He is the son of Mr. and Mrs. John Hunter.

G. W. Cox Has Brought a New Plane to Canyon

G. W. Cox has returned from New Castle, Delaware, with a new Bellanca Cruisair. Val Williams of Lubbock accompanied Cox to fly the aircraft home.

The new Bellanca is the first one to be received in this area. Canyon Aviation Service is distributor of the post war family plane with six dealers in its territory. The new plane will be shown to all fifty-six counties by the dealer who holds the franchise of their designated region.

All residents of Canyon locality will get a chance to see the red and white plane as it will be landed in the city limits and taxied under its own power to the northeast corner of the square. It will remain on public display all day Saturday, July 19, and be flown back to the airport Sunday morning.

The Cruisair is the first post war family plane with a capacity of four people and baggage to have cruising speed of 150 miles an hour with a hundred and fifty horse power engine.

The Cruisair Junior, designed by G. M. Bellanca and predecessor to the post war Cruisair Senior was the first to feature retractable landing gear in the plane of its class. The family plane also has included in the standard equipment a controllable pitch propeller, full instrument panel and a loud speaker mounted in the top of the sound proof cabin.

Apricot Tree Yields 104 Quarts of Fruit

From an apricot tree in their own back yard, Mr. and Mrs. T. S. Stevenson picked the fruit. Mrs. Stevenson canned the apricots; and when she counted the jars, she found she had canned 104 quarts of apricots from that one tree. The tree is twelve years old.

LT. WOOTEN REASSIGNED

Lt. W. J. Wooten, Jr., of the Medical Corps of the Navy, reported to New Orleans last week for reassignment after returning from duty in China. He was sent back to San Francisco. He was ordered to report to his former unit. It was not clear whether the unit is being returned to America, or that he will be sent back to China.

Mr. and Mrs. M. E. Cleavinger of Stratford visited in the parental M. E. Cleavinger home over the week-end.

Mrs. Chick Neilson of Fort Worth is visiting at the home of her parents, Mr. and Mrs. V. K. McCaskill.

Jersey Milk Cow Has 4th Set of Heifer Calf Twins

John Warlick, who lives north of Canyon, reports that he has a Jersey cow that had her 4th set of twin heifer calves June 28. In 8 years she has had 12 calves.

Mr. Warlick states that she is a good milk cow.

NAMED VICE CONSUL

Jack Oldham has been named Vice Consul in the diplomatic corps at Manila, Philippine Islands. He had been in Manila for several months following his discharge from the armed forces.

He is the son of Mr. and Mrs. Grady Oldham of Amarillo and was born in Canyon.

SPECIAL MATINEE EVERYDAY: Monday through Friday, 3 p. m. Saturday and Sunday, 1:30 p. m. Olympic Theatre. 19t2

Larry Jim Johnson, infant son of Mr. and Mrs. C. W. Johnson of Happy, died Saturday, July 6 in Neblett Hospital. One brother, Ronald Cone, survives besides the parents.

Mr. and Mrs. F. A. Thomas of Rogers, Arkansas visited friends in Canyon over the holidays. The Thomas' formerly lived here.

Mrs. L. A. Pierce visited in Amarillo last week with Mrs. George Abbott and Misses Lula and Ida Hitchcock.

H. R. Fulton, Jr., H. R. Fulton, Alvin McDonald, and O. A. May spent the week-end fishing in New Mexico.

Mrs. Ed Mickle and Mrs. Densmore Mickle have returned home after visiting two weeks with Mrs. J. L. Heafner in Mosquero, N. M.

Mr. and Mrs. Bill Patke spent last week in the home of her parents, Mr. and Mrs. E. I. Boyce.

Mrs. C. R. Johnson returned Sunday after visiting with her daughter, Mrs. Paul Turner in Quitaque.

Mrs. Ruth Liddle of Snohomich, Wash., is visiting with her father, C. E. Strain and other relatives.

Mr. and Mrs. Tom Corbett from College Station visited a few days with Mr. and Mrs. Carl Hair.

Miss Edith Joe Beckett of Clarendon is spending the week with Mr. and Mrs. Richard Gidden.

Clay Cooper went to McLean on business July 4.

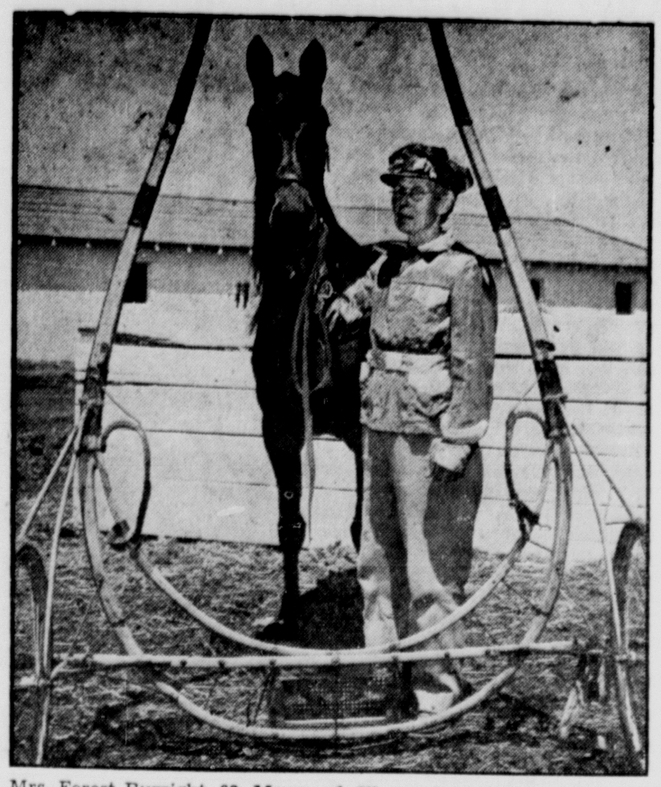
Dr. H. A. Brown is vacationing from July 13 to August 1.

"So you're the new girl," said the smart aleck to the boarding house waitress. "What shall we call you?"
"Pearl, sir."
"The pearl of great price, eh"
"No, sir—the Pearl cast before the swine."

"Johnny," said the teacher, "I want you to tell the rest of the class what a skeleton is."
"A skeleton," said Johnny, "is a lot of bones with the people scraped off."

"Did you fall down with your good pants on, Tommie?" asked mother.
"Well, Mom, there wasn't time to take them off," replied Tommie.

She's Been a Driver 30 Years



Mrs. Forest Burright, 63, Maywood, Ill., mother of seven children who has been training and driving her own trotting horses in the midwest for three decades, poses with Puzzet, one she's racing this summer, framed by a horseshoe-shaped sulky.

"You remember when you cured my rheumatism a year ago, don't you doctor," asked the patient, "and you told me not to get myself wet?"
"Yes," replied the doctor.
"Well, I just wanted to know if you think it's safe for me to take a bath now?"

Mrs. Bland moved into a new hotel and before going out to buy herself a radio, she called up the desk clerk. "Have you A. C. or D. C. current here?" she asked.
"One minute," said the clerk. After a few moments he returned to report, "I'm sorry, but neither is registered here."

Sinner: "Parson, I've been misbehaving and my conscience is troubling me."
Parson: "I see, and you want from me something to bolster your will power."
Sinner: "No, I want something to lull my conscience."

"Here's a book, madam," said the salesman, "that will interpret all your dreams."
"Now, smarty," replied the landlady, "I'll have you know I do all my dreaming in English."

"She says she was born in Victoria, B. C."
"B. C.? I thought so. She looks it."

"That psychologist told me that success depends largely on one's frame of mind."
"Maybe, but out in Hollywood it mostly depends just on one's frame."

LOOK VISIONLINED

MM Tractors Are Built for Economy and Dependability

MM Tractors are visionlined for safe, easy and comfortable operation on any farm power job the year around. Visionlining assures better work because the operator can always see what he is doing, and the seat is comfortably low to the rear of the drive wheels for additional safety at all times. "Visionlining" of tractors was introduced by Minneapolis-Moline many years ago and is basically an exclusive MM feature which does much to ease the normal strain on any tractor operator and, thus assures better work and perhaps even more work under many conditions.

STAMINA . . . the ability to "take it" for long periods of tough going . . . doesn't come as an accessory to tractors or farm machinery. You can't buy it as an EXTRA. It's either designed and built into every part of the machine or it isn't there at all. MM products are famous for stamina—year after year, owners report records of long, low-cost efficient service and the fact that MM products stay MODERN.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of July 14, 1921)

A. J. Arnold, owner of the light plant, added another big engine to help care for the increasing power load.

Rev. E. A. Osborne was called by the local Christian Church and announced that he would accept. His family will move here soon.

Amarillo threatened to divert traffic through Wildorado and then south to Dawn unless Randall county gets the highways paved.

The city council failed to find a bidder who would take the paving job around the square for the money estimated. High cost of labor, $6 per day for skilled men, was given as the reason for the high bid.

The local Baptist Church rejected the resignation of Rev. B. F. Fronabarger, and asked him to remain as pastor. After due consideration he decided to continue his work, after seven years of successful service to the congregation.

Warning is given that there is a heavy fine for running over the fire hose. Some people are in the habit of running over the hose in order to reach a fire—and get in the way of the volunteer fire fighters.

Jesse Hicks was run over by a tractor and his leg badly crushed.

Governor Pat M. Neff criticised the legislature for extravagance. Representative Lee Satterwhite, of this district and chairman of the House Appropriations Committee answered the criticism of the Governor.

Five constitutional amendments will be voted upon July 23. One provides for raising the salary of the Governor and other state offices, and another to raise the pay of legislators.

Total deposits in the two Canyon banks were $650,067.72.

Silver coins contain 90 per cent silver and 10 per cent alloy.

Candidate for Re-election

COUNTY AND DISTRICT CLERK

I am a candidate for re-election because I consider that my experience in this office will enable me to give you more efficient service in the future.

I may not be able to see the voters before the primary, but I ask that you give my candidacy serious consideration.

I shall greatly appreciate your support and vote on July 27.

Four More Band Scholarships Awarded; Total Now Seventeen

Winners of W. T. band scholarships now total seventeen. Four more students have been selected by a committee of friends of the college from applications submitted to receive the award. The scholarships entitle the winners to their tuition and other benefits for the 1946-47 session, in addition to membership in the Buffalo Band.

Edith Joe Beckett of Clarendon, who has been attending Clarendon Junior College, plays the clarinet, piano, drums, and was drum majorette of the Clarendon Band.

Eva Richert of Geary, Okla., is a senior home economics student at W. T. and plays the French horn.

Mildred Groves of Amarillo, who graduated from high school this spring, has played in the Sam Houston Jr. High and Golden Sandie Bands, and the Jr. Philharmonic Orchestra. She plays the flute, piccolo, and piano.

Joan Winifred Ward of McCook, Neb., is a high school graduate. She played in the band at Gunnison, Colorado while she was in camp last summer and in the Nebraska State Band Clinic this year. She plays the Clarinet and, saxophone, and the piano. She plays the piano for the local church and has taught a class of students the past two years.

Pictured above are Mildred Groves, Ellen Posey, and Watson Mueller. Miss Posey and Mueller were awarded their scholarships earlier this spring.

Miss Posey of Hereford is a junior at West Texas State. She plays the flute, violin, and sings. She participated in the band, orchestra, double sextet and variety show last year.

Mueller, of Oklahoma City, is a high school graduate who plans to major in Music Theory. While in school he was student conductor of his band. He plays the bass viol, drums and violin.

Other winners who have been announced in the Prairie are J. C. Jones, Perryton; Gerald Smith, Hereford; Joan Smith, Hereford; Paul Teague, Phillips; Richard H. McCune, Pampa; Joe Cato, Amarillo; Doris Eugenia Baker, Tulia; Grant Sharman, Dumas; Norman Finck, Tulia; and Sherrod Reavis, Shamrock.

The band this summer has twenty-five members. Prof. Glenn Truax, director states that positions are still open for those who are qualified to join.

Watson Mueller, a graduate of Putman City High School, Oklahoma City, plays the bass viol, drums and violin.

Ellen Posey, junior from Hereford plays the violin, flute, and has been outstanding in voice.

Mildred Groves of Amarillo, who plays the flute, piccolo, and piano, holds five first place medals in the Texas Music Educators Association Contest. She is a former member of the Sam Houston Jr. High Band, the Golden Sandie Band, and the Jr. Philharmonic Orchestra.

School Lunches To Be Directed By Education Dept.

Governor Stevenson has appointed the State Department of Education to manage the U. S. Department of Agriculture's community school lunch program in Texas for the next fiscal year.

Joint formal agreement covering program operation requirements have been signed by Dr. L. A. Woods, State Department of Education and B. F. Vance, State Director, Production and Marketing Administration, for the Department of Agriculture.

Two-fold purpose of the program is to provide growing children with nourishing food for maximum health and growth and to create larger every-day markets for farm products.

The school lunch program has operated for several years on a year-to-year basis. Recently, the National School Lunch Act became public law. It provides assistance to states in operating community school lunchrooms for children attending non-profit public or private schools. States and the federal government will contribute funds to its support. For the fiscal years 1947 to 1950, inclusive, federal funds must be matched dollar for dollar by States. From 1951 to 1955, a state must contribute $1.50 for each federal dollar, and after that $3.

While the School Lunch Act does not carry an appropriation, the agricultural appropriations bill provides $75,000,000 for its operation the next fiscal year. Pro rata share for Texas is about $2,800,000, the PMA director explained. During the fiscal year just ended, the school lunch program was in operation in approximately 2300 Texas schools, in which an average of 250,000 children were served well-balanced lunches daily. Latest reports indicate participation will be even higher for the next school term, Vance said.

He asked that all applications from local sponsors be filed with the State Department of Education, Austin, Texas, instead of the State PMA office.

"Good morning," came the cheerful voice over the telephone. "This is Morrison, Morrison, & Morrison."

"Oh!" returned the startled voice at the other end of the wire, "Good morning, good morning, good morning."

Ceta Glen

will be open to the public during the week beginning July 14.

C. L. Neelley.

BOYCE HOUSE

The most beautiful short story ever written was composed by One who never wrote a word. Would you like to read it? It's in a book called the Bible and it is the story of the Prodigal Son.

"The expression, "Ee-ne-me-ne-mine-ee-moh," was used by little boys in Babylon 3,000 years ago.

Instead of making so many run-of-the-mill pictures, why doesn't Hollywood bring back some of the truly grand films of bygone years? "Cimarron," for example—also "The Great Ziegfeld" and "Rio Rita," the original version with John Boles and Bebe Daniels?

A little philosophy:

To cultivate calmness and self possession, to live longer and to enjoy life more fully—

Learn to like what doesn't cost much—reading, conversation, music.

Plain food, plain service, plain cooking.

Fields, trees, woods, brooks, fishing; rowing, hiking.

Learn to like people, even though some of them may be as different from you as a Chinese.

Learn to like to work and enjoy the satisfaction of doing a job as well as it can be done.

The song of the birds, the companionship of dogs, and laughter and gaiety of children.

Gardening, carpentering, puttering around the house, the lawn, and the automobile.

Learn to like the sunrise and sunset, the beating of rain on roof and windows, and the gentle fall of snow on a winter day.

Learn to keep your wants simple. Refuse to be owned and anchored by things and the opinions of others.

According to law the designs of coins of the United States may not be altered oftener than once in twenty-five years.

Reich Control Costly to U. S.

American Taxpayers May Have to Dig $200,000,000 A Year, Say Experts.

BERLIN, GERMANY.—The continued decentralized rule of Germany by the Allies is likely to cost American taxpayers 200 million dollars a year in the judgment of authorities here.

The figure is the estimated budget cost of supplying the American zone with food and oil sufficient to maintain a subsistence standard of living. France is the chief opponent of centralization.

Lt. Gen. Lucius D. Clay and his military government staff have been making the utmost effort to slash this United States zone budget, pruning such essentials as school books, films, etc., for re-educating the Germans, and confining the budget purely to food and transport necessary to maintain a minimum standard of living. But 200 million dollars remains the rock-bottom figure of the project.

Lacks Natural Resources.

General Clay said: "The American zone has never been self-sufficient by itself. It is lacking in natural resources except wood and potash. It cannot raise enough food to support itself, and most of its industries were of the assembly-line type with raw material coming from other zones."

With a decentralized Germany these raw materials are not coming from other zones. As a result, the American zone has a permanent deficit that must be made up by America or the Germans will face starvation.

The free exchange of goods under a central Allied control would put thousands now idle in the American zone to work manufacturing from incoming raw materials, providing the necessary exports to pay for needed supplies and exchanging the finished products for food from the Russian zone and coal from the British zone.

Only a Trickle of Goods.

But the French stand blocks such a central control, and the current makeshift exchanges from one zone to another are providing an insignificant trickle of goods.

France points out that she was not at the Potsdam conference where Russia, Britain and America worked out the Allied occupation policy for Germany; therefore she is not bound by its decisions.

The British zone also is a heavy sufferer under decentralization because of the lack of food.

The Russian zone is the richest of all with both natural resources in coal and factories and a food surplus.

The French zone, much smaller than the other three, also is a debit area for much the same reason as is the American zone. But it also could be made self-supporting if it were tied into the economy of France as it used to be tied into a united Germany.

Woes Drive This Man to Look for a Simpler Name

HIGHLAND PARK, ILL. — The director of this town's community center, a patient and good-natured man, has finally wearied of his tongue-twisting name. He's looking for something simple.

His family name is pretty rough: Scheuchenpflug. But that's not all.

His full name is George Leopold Augustus Octavius Wilhelm Scheuchenpflug.

His last name has been giving him a lot of trouble. He once lost his job with an envelope company, five weeks after he was hired, when the boss discovered he wasn't using his real name. At that time he called himself George Pflug.

He is known to 9 out of 10 persons in Highland Park solely as Mr. X. That's the name he signs to letters and announcements regarding community activities.

"I've spent days trying to think of a contraction of my name that would sound good," Mr. X said. "So I can have my name changed. Officially."

Canada Will Pay U. S. For Defense Facilities

WASHINGTON. — Canada has agreed to pay the United States 12 million dollars for American defense facilities and equipment in Canada not already transferred to the dominion government, the state department announced recently.

The original cost to the United States was 59 million dollars.

The agreement, reached in an exchange of notes, covers weather and relay stations along the Alaska highway and northwest staging route, surplus army and navy equipment and lend-lease goods originally destined for Great Britain.

Pittsburgh's New Radio Device Locates Radium

PITTSBURGH. — The University of Pittsburgh has added a "tracer of lost radium" to its voluminous number of public services.

Looking like a small home radio set, the compact device was developed to detect radiation given off by radioactive substances.

The sensitized "radium hound" reacts to the nearness of radioactivity with static to reveal its presence.

Smog is the name given to a mixture of smoke and fog.

Magic Explained By New Pied Piper

Start in With Little 'Corn,' Then Better Music.

NEW YORK. — Efrem Kurtz, the Pied Piper of Kansas City, untangled his long legs from around his French poodle and explained the magic necessary to produce a major philharmonic orchestra out where the tall corn grows.

First you must give the people a little "corn," Kurtz admitted, and then you slip in the better music.

Kurtz, who has conducted the Kansas City orchestra for the last three years, knows what he's talking about, because when he took it over the Kaycee Philharmonic's audience was virtually nil. This past season, which began in October, he had to turn away hundreds from the "Pop" concerts because of lack of seats.

"I give them something from Carousel or Oklahoma," he explained, "and then I give the Beethoven's Eighth or Brahms' Fourth and they love it."

Kurtz is in New York to do some recording with the New York Philharmonic.

The tall, cheerful, Russian-born conductor believes inland America is due for a great increase in major symphonic orchestras.

"In Kansas City we are going ahead fast," he said. "One of my former assistants, Anton Dorati, has started a fine orchestra in Dallas, and another has been started in Denver."

He believes most experts sell the average American short as a music lover.

"Give him something he knows, and then mix it with something he should know, and he is most appreciative," Kurtz said.

Kurtz said that he, himself, was quite entranced with much popular music and that he even liked boogie-woogie.

"This Benny Goodman, I have played with him," he said, "and I tell you he is very fine musician."

Rural Areas Don't Match Health Record of Cities

LINCOLN, NEB. — Those who live in rural areas are less healthy than city residents because of the lack of physicians, dentists, public health facilities and hospitals, according to the health committee of the Northern Great Plains council.

The committee met at the University of Nebraska to determine what medical facilities are lacking in rural areas of the Great Plains and what action should be recommended to remedy the situation.

Several counties in the area have neither doctors nor dentists, and ailments which could respond quickly to treatment became major calamities, the committee reported. For a majority of farm homes in the region, hospitals of 50 beds are more than 100 miles distant.

One physician must serve several localities, and a large number of small towns have no milk or water inspections, it was said in a summing up of the rural disadvantages.

Medical and lay experts attending the conference proposed "health clinics" as one possible remedy for the poor rural health.

Such community clinics provide emergency medical attention, take care of obstetrical and simple surgical cases and offer x-ray examinations.

Learns His Dog's Bark Can't Stop That Tax Bite

KANSAS CITY. — Floyd Harvey, deputy collector of internal revenue, had trouble explaining to a taxpayer that money paid to a veterinarian for care of the man's dog was not deductible from his income tax.

The taxpayer insisted the dog belonged to his family, was dependent on the family, and that its medical expenses should be deducted. Harvey explained:

"Well, I'll put it this way: Just how is the dog related to you? Is it by blood, marriage, or adoption?"

The discussion ended there.

Shortage of Food Dooms South African Fowls

JOHANNESBURG. — South African poultry farmers are facing the greatest crisis in their history. Following a drouth and scarcity of grain for poultry feed, millions of fowls will almost certainly have to be slaughtered in a few months' time, estimates varying from five million to eight million.

The supply of chicken feed in the country will last only three months. Even if some cereals are obtained it will only delay the crisis for a few months. This will mean a virtual egg famine next season.

'Sighted Sub, Sank Same' Officer's Job

HILO, HAWAII. — Lt. Donald Francis Mason, who sent the message, "Sighted sub, sank same," as a navy petty officer in the early days of the war, was given a new bombing assignment recently. With a crew of seven, Mason will bomb-spray Hilo's tidal wave wrecked waterfront to prevent disease.

The approximate diameter of a silver quarter is one inch.

Myers Family Had Annual Get Together July 4

The regular annual reunion of the Myers family was observed in Elwood Park in Amarillo, July 4.

Program opened with music by Mrs. Anice Combee of Amarillo and W. C. Myers of Lubbock. A reading was given by Roland Myers of Lubbock. Mrs. Angie Lane of Amarillo was hostess. Mrs. Ida Johnson returned thanks at the lunch hour. Mrs. Nannie Myers gave a reading "Pioneers." Mrs. Mathie Price of Plainview and Mrs. Patsy Chambers of Canyon gave another reading.

Those present were: Mrs. Angie Lane, Mrs. Alice Cook, Mr. and Mrs. Ora Cook, Mr. and Mrs. V. R. Cook, Mr. and Mrs. R. E. Chambers and daughter Patsy, Mr. and Mrs. Bob Combee and daughters, all of Amarillo; Mrs. W. S. Myers, Mr. and Mrs. Jim Johnson, Canyon; Mr. and Mrs. W. C. Myers and children, Alvah Doak, from Lubbock; Mrs. J. D. Price, Plainview. Mr. Ralph Foreman, helped furnish the music.

For years the Swede lived on the border between Minnesota and Wisconsin and didn't know for sure in which state he resided. Finally he called in a state surveyor.

"You live in Wisconsin," decided the surveyor.

"Thank heaven," gleefully shouted the Swede. "No more of those terrible Minnesota winters."

A dollar bill is six and one-eight inches long.

Our son contends that the chemical formula for water is HIJK-LMNO, because the teacher said it was H to O.

Every time we go to a restaurant and see a fellow tuck a napkin under his chin, we wonder whether he came in for a meal or a shampoo.

Vote for

Beauford JESTER

Of Corsicana

Candidate for

GOVERNOR of TEXAS

- He is against federal control of oil, gas, and other natural resources.
- He opposes any increase in present tax rates.
- He is against the use of the University of Texas as a political football.
- He is opposed to socialized medicine and especially the use of state funds for any such program.

Beauford Jester long has been an active worker for the better things in life—church, welfare, civic development, education, agriculture and athletics. He has served with distinction on the Texas Railroad Commission. His record as a citizen and public official justifies his promotion to the governorship of Texas.

Vote for

Beauford Jester for GOVERNOR

IT'S *June* IN *January*

(THE YEAR 'ROUND)

Clean, efficient gas heating and modern gas air conditioning make any home a most comfortable, livable home the year 'round. Healthful too, for most colds and minor ailments are aggravated by uneven temperature.

Then, too, there are the more common uses for gas. Cooking with a clean, easily controlled heat. Refrigeration is best with a silent gas refrigerator which has no moving parts to wear out. The fully automatic gas water heater provides all the hot water the family needs when it needs it... economically. Plan your new kitchen around gas, the fuel that gives you these advantages. Remember:

GAS THE WONDER FLAME THAT COOLS AS WELL AS HEATS

West Texas Gas Company

A regulation of the Treasury Department provides that only likenesses of deceased persons shall appear on United States currency.

Jefferson's portrait appears on the two-dollar bill.

Shinplasters was the name given to fractional currency issued during the Civil War period.

The picture on the one-dollar bill is a copy of Gilbert Stuart's portrait of George Washington.

Highland News

Don't forget Homecoming Day at the Methodist Church at Wildorado Sunday, July 21. Preaching at eleven, basket dinner at noon and program in the afternoon.

Mr. and Mrs. Luther Sidmore and daughter of Kansas City, Mo., are spending their vacation in the Geo. Mason home.

Mr. and Mrs. Clarence Rogers of Pittsburg are visiting at the Carl Fuqua home.

Mr. and Mrs. Frank Talley are driving a new Chevrolet car and Duane Elam has a new Plymouth.

Jack Cage had the misfortune to get his left hand broken at his garage last Friday.

Mr. and Mrs. Carl Fuqua visited Mrs. G. L. Webb and Mrs. H. H. Elam last Wednesday evening.

Misses Rachel and Mary Bouran visited Mrs. Howard Fuqua last Wednesday night and Thursday.

Mr. and Mrs. Ed Rae had Sunday dinner at the Carl Fuqua home.

Charles Rogers, formerly of Wildorado, visited friends over the week end.

Mrs. Johnson spent last week with Mrs. O. J. Brown.

Mr. and Mrs. Sanderson of Palo Alto, Calif., left last Tuesday after spending the past ten days at the Geo. Cook home. They went to Michigan to visit Mr. and Mrs. Everett Cook before returning to California.

Harvest is over in this community; feed is being planted and plowing being done.

A husband found some holes in his sock and said: "Wifie, dear, why haven't you mended these?"

"Hubby, darling, did you buy me that coat for Christmas, as you promised?"

"N-no."

"Well, if you don't give a wrap, I don't give a darn."

"I've simply got to get my wife's insomnia cured."

"Is it so hard on her health?" a sympathetic friend asked.

"No, but it's awfully hard on my pocketbook. All she does when lying awake at night is think up a lot of things to buy."

NO MILKMAID

I'm hard at work upon a scheme
To change grass into milk and cream,
And in this way eliminate
The intermediate vertebrate.

"So you did not get your citizenship papers?"

"No. They say I must pledge to support the Constitution, and I got all I can do to support my wife and 11 bambinos!"

Smooth bark trees, such as birch, shed their bark annually.

Palo Duro News

Honoring Mrs. Alvina Leseberg on her sixty-eighth birthday, members of the Lutheran Ladies Aid gave a handkerchief shower at their regular meeting July 4 in the home of Mrs. Fred Gerdsen. The ladies spent the afternoon quilting.

Mr. and Mrs. Adolph E. Kampen of Amarillo spent Wednesday night and Thursday in the Henry F. Miller home.

Miss Wilma Schuette visited briefly with Mrs. Alvinia Leseberg Wednesday evening.

Mr. and Mrs. Heimsoth and children of Guymon, Okla. spent several days last week with Mr. and Mrs. Fred Gerdsen. Mr. Heimsoth is Mrs. Gerdsen's brother.

Mesdames Pauline Wendelken, Alvina Leseberg, Gus Leseberg, and Henry Miller spent Friday afternoon with Mrs. Fred Gerdsen quilting the Ladies Aid quilt.

Miss Gladys Leseberg spent Friday with Mrs. Richard Coale in Canyon.

Harold Root of Canyon visited with Mr. and Mrs. George Albers last week.

Mrs. Henry F. Miller and Miss Phyllis Albers accompanied Rev. Martin J. H. Hartenberger to Plainview Sunday where they attended the executive board meeting of the Lutheran Women's Missionary League.

"How many sexes are there, Oliver?" asked the teacher.

"I can only think of three, teacher," he said."

"Three?" she queried.

He replied, "Men, women and insects.

"One last prescription—take a bath before you retire."

"I'm retiring in 20 years, Doc, but I'll remember your advice."

The face of a coin is called its obverse side.

NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS
COUNTY OF RANDALL

TO THOSE INDEBTED TO OR HOLDING CLAIMS AGAINST THE ESTATE OF QUEENIE V. CONNER, DECEASED:

POSSUM FLATS . . . "GOOD BISCUITS SAVE THE DAY!" — By GRAHAM HUNTER

LOOK! TH' CONSTABLE CAUGHT A HOUSE-BREAKER IN HANK'S HOUSE!
YOU LOOK, AND TELL ME ABOUT IT LATER. THERE'S GLADIOLA BISCUITS ON OUR TABLE AND I'M GONE!
I'D A'GOT CLEAN AWAY IF I HADN'T STOPPED FOR THEM GLADIOLA BISCUITS ON THE TABLE, — BUT BROTHER, IT WAS WORTH IT!
BE RIGHT BACK, FOLKS. I WANT TO FINISH TH' BISCUITS THIS BIRD LEFT!
WHY MA'LL BE GLAD TO BAKE YOU A FRESH BATCH, CONSTABLE!
CAN'T SAY AS I BLAME HIM, — YOU SHOULD SEE TH' WAY MY FAMILY GO FOR MY BISCUITS WITH THIS NEW GLADIOLA FLOUR!
TO BRIGHTEN EVERY BAKING HOUR, JUST BAKE WITH GLADIOLA FLOUR!
GLADIOLA EMERGENCY FLOUR
Fant Milling Company
Sherman, Texas
LAND SAKES! A MAN JUST CAN'T PASS UP BISCUITS FROM THIS GLADIOLA "EMERGENCY" FLOUR! SO LIGHT, SO TENDER AND FLAKY, AND SO CREAMY-WHITE!
SEE, MA — HOW IT PAYS TO ALWAYS HAVE PLENTY OF GLADIOLA BISCUITS!

HERE'S

OUR PLEDGE TO YOU ! !

NO PRICE ADVANCES will be made by us because of the lapse of OPA control.

NO PRICE ADVANCES will be made by us until we have actually been forced to pay a higher price.

ON THE CONTRARY, we will continue our present quality service at the lowest price consistent with sound business. We will not hike prices unless forced to.

We appreciate the generous support we have had in Canyon and Randall County. And we ask your cooperation in helping us keep our pledge in line with President Truman's request to the business men of the nation.

L. L. Hix Is Home From Treatment in Fort Worth

Deputy Sheriff L. L. Hix is home from Fort Worth where he has been under treatment for his leg for the past month. Sheriff M. E. Cantrell and son, Mack Morris, went after him.

Hix suffered a badly mangled leg in a car accident several months ago. The injured bone failed to knit, and as a result he has been under medical treatment ever since the accident.

Drunks Cool Off; Caught on Hiway

The highway patrol picked up two sets of drunks on the highway Sunday night and lodged them in the Canyon jail.

They were charged with driving while intoxicated.

Mr. and Mrs. Alex Hale and son Bobby from Compton, Calif., are visiting in the parental R. D. Lowry home.

Charles Stratton, chemist at Phillips, visited over the Fourth with his parents, Mr. and Mrs. C. H. Stratton.
